

## Gabby's Big Idea

Gabby woke up early with a big idea for her Saturday. Today wasn't just any day—it was a helping, sharing, and smiling kind of day.

First, she set up a little community table filled with books, crayons, and printables for everyone to enjoy. “The best days are the ones we share,” Gabby said while wagging her tail.

Then she headed to the park where the sun was shining and the clouds looked like fluffy cotton shapes. She played, laughed, and reminded everyone that even small moments can feel big when you slow down and enjoy them.

By the end of the day, Gabby realized something important: ✨ A big day isn't about doing everything... it's about doing meaningful things with heart.

Now it's your turn to color Gabby's big adventure and bring Saturday to life in your own way!
